

**SFR DISRUPTOR RESZI, LLC ENGAGES WEALTHFORGE AND PEAK  
TO CAPITALIZE RESZI FUND VI, LP  
Deal Creates Equity Pipelines for Investors to  
Capitalize on Distinct SFR Opportunities**

Dallas, Texas, October 1, 2023: Texas-based single-family residence rental pioneer Reszi, LLC (“Reszi”) has formally engaged WealthForge Securities, LLC (“WealthForge”) to serve as its managing broker-dealer, and Peak Capital Solutions, LLC (“Peak”) to serve as its distribution consultant, in connection with procuring equity investment in Reszi Fund VI, LP (“Fund VI”). Fund VI is supported by a FactRight issued due diligence report.

Reszi, in conjunction with Staubach Capital, LLC (“Staubach”), currently has five stabilized SFR funds, and has recently launched Fund VI. It is Reszi’s first fund that will focus its acquisitions primarily on brand new construction, single-family homes from national and regional builders. Reszi has negotiated with certain builders to acquire these newly constructed homes at substantial discounts, resulting in implied equity at closing. The attractive acquisition pricing combined with the value of the new home warranties translate into an incredible value for investors.

“Reszi has gained considerable traction in the SFR rental market through the relentless efforts of its dedicated and experienced team, coupled with its next-level utilization of technology.” said Chris Mitchell, Reszi’s Founder and CEO. “The result is operational efficiency that routinely surpasses that achieved by operators in the multi-family space, and an impressive rate of tenant retention. In short, our Reszidents as a whole are very satisfied.” said Mitchell. “We are very excited about our strategic engagements with WealthForge and Peak. These engagements position us with the premier broker-dealer in the space, and with a venerable consulting firm that has proven results, both of which will facilitate Reszi’s growth for the foreseeable future.”

**WealthForge:** Founded in 2009, WealthForge is one of the largest and most experienced managing broker-dealers of alternative investment products. It has cemented itself as an industry innovator and reimagined the managing broker-dealer role as a value-added service instead of just a necessary compliance hurdle. The firm currently supports 15 clients, has reviewed 1,550 offerings, and processed over 33,000 investments supporting more than \$5.6B in equity and debt investments.
